ANULUM · ECOSYSTEM AND RESEARCH PROGRAMME

# Everything in motion

Named projects, components, tools, programmes and public presence · 13 October 2026

## Agentic Coordination, Assurance and Continuity Systems

10 entries in this dated view · work in progress

**DIRECTOR-AI**
Released 3.21.0 · in progress
Licence: Apache-2.0 AND BUSL-1.1

**REMANENTIA**
Released 0.5.0 · in progress
Licence: AGPL-3.0-or-later

**RIGOR-FOUNDRY**
Released 1.0.0 · in progress
Licence: Apache-2.0

**SYNAPSE-CHANNEL**
Released 0.99.38 · in progress
Licence: AGPL-3.0-or-later

**HushLine**
Released 0.1.5 · in progress
Licence: AGPL-3.0-or-later

**DIRECTOR-CLASS-AI**
In progress · Contents are not published.
Licence: Not stated (repository not published)

**SYNAPSE-CHANNEL-FLEET**
In progress · Contents are not published.
Licence: Not stated (repository not published)

**DIRECTOR-AI-CLOUD**
In progress · Contents are not published.
Licence: Not stated (repository not published)

**REMANENTIA-PORTAL**
In progress · Contents are not published.
Licence: Not stated (repository not published)

**SYNAPSE-POLICY-CHECK-ACTION**
In progress · Implementation and integration
Licence: AGPL-3.0-or-later

## SCPN Reactor Systems

64 entries in this dated view · work in progress

**SCPN-FUSION-CORE**
Released 4.0.0 · in progress
Licence: AGPL-3.0-or-later

**SCPN-MIF-CORE**
Released 0.1.1 · in progress
Licence: AGPL-3.0-or-later

**SCPN-ADS-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-BEAM-TARGET-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-BIOCHEM-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-BREED-BURN-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-BWR-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-CATALYTIC-BED-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-CHANNEL-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-CHEM-KINETICS-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-CHEM-PROCESS-HYBRID-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-DENSE-PLASMA-FOCUS-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-ELECTROCHEM-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-FRC-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-FUSION-FISSION-HYBRID-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-FUSION-PROCESS-HEAT-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-GFR-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-HEAT-PIPE-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-HTGR-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-HYBRID-ENERGY-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-HYDROGEN-PROCESS-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-ICF-BEAM-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-ICF-IMPACT-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-ICF-LASER-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-IEC-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-LATTICE-FUSION-CORE**
In progress · Architecture and qualification
Licence: AGPL-3.0-or-later

**SCPN-LEVITATED-DIPOLE-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-LFR-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-MAGNETIC-CUSP-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-MEMBRANE-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-METHANE-REFORMER-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-MIF-LINER-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-MIF-MAGLIF-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-MIF-PLASMA-JET-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-MIRROR-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-MSR-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-MUON-FUSION-CORE**
In progress · Architecture and qualification
Licence: AGPL-3.0-or-later

**SCPN-NTP-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-NUCLEAR-DESALINATION-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-NUCLEAR-HYDROGEN-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-PHOTOCATALYTIC-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-PHWR-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-PWR-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-REACTOR-CATALOGUE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-RESEARCH-REACTOR-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-RFP-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-SCWR-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-SFR-CORE**
In progress · architecture stage: a reviewed boundary and validation tooling, no model
Licence: AGPL-3.0-or-later; commercial licence available

**SCPN-SPHEROMAK-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-STELLARATOR-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-THETA-PINCH-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-TOKAMAK-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-Z-PINCH-CORE**
In progress · Computational prototypes and continued development
Licence: AGPL-3.0-or-later

**SCPN-REACTOR-KERNELS**
In progress · Implementation and integration
Licence: AGPL-3.0-or-later

**INTERACTIVE-SOLVER-WORKBENCH**
In progress · Instrument architecture and qualification
Licence: Independent distribution terms being defined

**REACTOR-COUPLING-WITNESS**
In progress · Instrument architecture and qualification
Licence: Independent distribution terms being defined

**REACTOR-DATA-WITNESS**
In progress · Instrument architecture and qualification
Licence: Independent distribution terms being defined

**REACTOR-ENGINEERING-BALANCE**
In progress · Instrument architecture and qualification
Licence: Independent distribution terms being defined

**REACTOR-GEOMETRY-WITNESS**
In progress · Instrument architecture and qualification
Licence: Independent distribution terms being defined

**REACTOR-MODEL-WITNESS**
In progress · Instrument architecture and qualification
Licence: Independent distribution terms being defined

**REACTOR-RUN-PACK**
In progress · Instrument architecture and qualification
Licence: Independent distribution terms being defined

**REACTOR-UNCERTAINTY-STUDY**
In progress · Instrument architecture and qualification
Licence: Independent distribution terms being defined

**World models / plasma and control**
In progress · Research and architecture development
Licence: Programme; terms to be settled

**ATLAS-REACTORUM**
In progress · Implementation and integration
Licence: AGPL-3.0-or-later

## SCPN Quantum Computing Systems

29 entries in this dated view · work in progress

**SCPN-QUANTUM-CONTROL**
Released 1.2.0 · in progress
Licence: AGPL-3.0-or-later

**oscillatools**
Released 0.1.0 · in progress
Licence: AGPL-3.0-or-later

**scpn-quantum-engine**
Released 0.2.0 · in progress
Licence: AGPL-3.0-or-later

**SCPN-QC-AD**
In progress · Workbench transition
Licence: Undecided for independent release

**SCPN-QC-ANALYSIS**
In progress · Workbench transition
Licence: Undecided for independent release

**SCPN-QC-APPS**
In progress · Workbench transition
Licence: Undecided for independent release

**SCPN-QC-BENCH**
In progress · Workbench transition
Licence: Undecided for independent release

**SCPN-QC-COMPILER**
In progress · Workbench transition
Licence: Undecided for independent release

**SCPN-QC-CONTRACTS**
In progress · Contents are not published.
Licence: Not stated (repository not published)

**SCPN-QC-CONTROL**
In progress · Workbench transition
Licence: Undecided for independent release

**SCPN-QC-CORE**
In progress · Workbench transition
Licence: Undecided for independent release

**SCPN-QC-HAL**
In progress · Workbench transition
Licence: Undecided for independent release

**SCPN-QC-LEARN**
In progress · Workbench transition
Licence: Undecided for independent release

**SCPN-QC-MITIGATION**
In progress · Workbench transition
Licence: Undecided for independent release

**SCPN-QC-QEC**
In progress · Workbench transition
Licence: Undecided for independent release

**SCPN-QC-QNODE**
In progress · Workbench transition
Licence: Undecided for independent release

**SCPN-QC-RESEARCH**
In progress · Workbench transition
Licence: Undecided for independent release

**SCPN-QC-SIM**
In progress · Workbench transition
Licence: Undecided for independent release

**SCPN-QC-STUDIO**
In progress · Workbench transition
Licence: Undecided for independent release

**World models / quantum noise**
In progress · Research and architecture development
Licence: Programme; terms to be settled

**CONFORMANCE-WITNESS**
In progress · Design and implementation
Licence: Undecided for independent release

**DECODER-WITNESS**
In progress · Design and implementation
Licence: Undecided for independent release

**GRADIENT-WITNESS**
In progress · Design and implementation
Licence: Undecided for independent release

**MITIGATION-WITNESS**
In progress · Contents are not published.
Licence: Not stated (repository not published)

**NOISE-MODEL-WITNESS**
In progress · Design and implementation
Licence: Undecided for independent release

**QPU-RESULT-PACK**
In progress · Contents are not published.
Licence: Not stated (repository not published)

**TRANSPILE-WITNESS**
In progress · Contents are not published.
Licence: Not stated (repository not published)

**VENDOR-CLAIM-RECOMPUTER**
In progress · Design and implementation
Licence: Undecided for independent release

**QUANTUM_LAB**
In progress · Workspace definition
Licence: Not stated

## SCPN Systems Integration and Control

5 entries in this dated view · work in progress

**SCPN-CONTROL**
Released 0.23.0 · in progress
Licence: AGPL-3.0-or-later

**SCPN-PHASE-ORCHESTRATOR**
Released 1.4.3 · in progress
Licence: AGPL-3.0-or-later

**SCPN-STUDIO-PLATFORM**
In progress · Contents are not published.
Licence: Not stated (repository not published)

**World models / oscillators and grids**
In progress · Research and architecture development
Licence: Programme; terms to be settled

**SCPN-STUDIO**
In progress · Contents are not published.
Licence: Not stated (repository not published)

## Scientific Discovery and Experimentation

5 entries in this dated view · work in progress

**Fixed grid-detector experiment**
In progress · Protocol and harness development
Licence: Research protocol

**Neural-dynamics experiment**
In progress · Protocol and harness development
Licence: Research protocol

**Laboratory / chemistry and materials partners**
In progress · Research and architecture development
Licence: Programme; terms to be settled

**Common benchmark and report format**
In progress · Architecture and first-cycle integration
Licence: Not yet a released distribution

**Discovery orchestration**
In progress · Architecture and first-cycle integration
Licence: Not yet a released distribution

## Web and public presence

14 entries in this dated view · work in progress

**AAARTHUUS-CH**
In progress · Public-presence work
Licence: Not stated

**AAARTHUUS-LI**
In progress · Public-presence work
Licence: Not stated

**ANULUM-CH**
In progress · Public-presence work
Licence: Not stated

**ANULUM-CO-UK**
In progress · Public-presence work
Licence: Not stated

**ANULUM-COM**
In progress · Public-presence work
Licence: Not stated

**ANULUM-EU**
In progress · Public-presence work
Licence: Not stated

**ANULUM-LI**
In progress · Public-presence work
Licence: Not stated

**ANULUM-ORG**
In progress · Public-presence work
Licence: Not stated

**ANULUM-SK**
In progress · Public-presence work
Licence: Not stated

**FORTISSTUDIO-COM**
In progress · Public-presence work
Licence: Not stated

**INTEGRITA-SK**
In progress · Public-presence work
Licence: Not stated

**NEVERIACI-SK**
In progress · Public-presence work
Licence: Not stated

**PARAZIT-SK**
In progress · Public-presence work
Licence: Not stated

**REMANENTIA-COM**
In progress · Public-presence work
Licence: Not stated

## SC Neuromorphic Computing Systems

44 entries in this dated view · work in progress

**SC-NEUROCORE**
Released 3.16.0 · in progress
Licence: AGPL-3.0-or-later

**SC-NC-ANALYSIS**
In progress · Workbench transition
Licence: Undecided for independent release

**SC-NC-BENCH**
In progress · Workbench transition
Licence: Undecided for independent release

**SC-NC-BRIDGES**
In progress · Workbench transition
Licence: Undecided for independent release

**SC-NC-CATALOGUE**
In progress · Workbench transition
Licence: Undecided for independent release

**SC-NC-COMPILER**
In progress · Workbench transition
Licence: Undecided for independent release

**SC-NC-CORE**
In progress · Workbench transition
Licence: Undecided for independent release

**SC-NC-DATA**
In progress · Workbench transition
Licence: Undecided for independent release

**SC-NC-ENGINE**
In progress · Workbench transition
Licence: Undecided for independent release

**SC-NC-HARDWARE**
In progress · Workbench transition
Licence: Undecided for independent release

**SC-NC-LEARN**
In progress · Workbench transition
Licence: Undecided for independent release

**SC-NC-RESEARCH**
In progress · Workbench transition
Licence: Undecided for independent release

**SC-NC-STUDIO**
In progress · Workbench transition
Licence: Undecided for independent release

**SC-NC-VERIFY**
In progress · Workbench transition
Licence: Undecided for independent release

**SC-NC-BIO**
In progress · Architecture and interface work
Licence: Independent distribution terms being defined

**Laboratory / neuromorphic hardware**
In progress · Research and architecture development
Licence: Programme; terms to be settled

**World models / neuromorphic dynamics**
In progress · Research and architecture development
Licence: Programme; terms to be settled

**EVIDENCE-MANIFEST-TOOLKIT**
In progress · Contents are not published.
Licence: Not stated (repository not published)

**EXPERIMENT-LEDGER**
In progress · Design and preparation
Licence: undecided

**RANDOMNESS-WITNESS**
In progress · Design and preparation
Licence: undecided

**AER-LINK-WITNESS**
In progress · Design and implementation
Licence: Undecided for independent release

**BITSTREAM-EVIDENCE-CI**
In progress · Design and implementation
Licence: Undecided for independent release

**DEPLOY-PACK**
In progress · Design and implementation
Licence: Undecided for independent release

**FIELD-OPS-WITNESS**
In progress · Design and implementation
Licence: Undecided for independent release

**FLIGHT-RECORDER**
In progress · Design and implementation
Licence: Undecided for independent release

**LOOP-TIMING-WITNESS**
In progress · Architecture and qualification
Licence: AGPL-3.0-or-later

**MODEL-PROVENANCE-PACK**
In progress · Design and implementation
Licence: Undecided for independent release

**MUTATION-SNN**
In progress · Design and implementation
Licence: Undecided for independent release

**NEURO-EVIDENCE-BENCH**
In progress · Design and implementation
Licence: Undecided for independent release

**NEURO-SAFETY-CASE**
In progress · Design and implementation
Licence: Undecided for independent release

**NIR-CONFORMANCE**
In progress · Design and implementation
Licence: Undecided for independent release

**PLASTICITY-WITNESS**
In progress · Design and implementation
Licence: Undecided for independent release

**RELIABILITY-WITNESS**
In progress · Design and implementation
Licence: Undecided for independent release

**SC-STREAM-PROVER**
In progress · Design and implementation
Licence: Undecided for independent release

**SIM-REAL-WITNESS**
In progress · Design and implementation
Licence: Undecided for independent release

**SNN-DIVERGENCE-HARNESS**
In progress · Design and implementation
Licence: Undecided for independent release

**SPIKE-CALIBRATOR**
In progress · Design and implementation
Licence: Undecided for independent release

**SPIKE-CODEC-BENCH**
In progress · Design and implementation
Licence: Undecided for independent release

**SPIKE-ENCODER-CHARACTERISER**
In progress · Design and implementation
Licence: Undecided for independent release

**SPIKE-FORMAT-BRIDGE**
In progress · Design and implementation
Licence: Undecided for independent release

**SPIKE-GROUNDTRUTH**
In progress · Design and implementation
Licence: Undecided for independent release

**SPIKE-LOG**
In progress · Contents are not published.
Licence: Not stated (repository not published)

**SPIKE-QUALITY-GATE**
In progress · Design and implementation
Licence: Undecided for independent release

**SC-COMPUTE-ADAPTERS**
In progress · Architecture and interface work
Licence: Independent distribution terms being defined

## Company, research institute and funding

25 entries in this dated view · work in progress

**Funding / EIC Accelerator; EIC Advanced Innovation Challenge on physical AI (18 Jun**
In progress · Application and consortium preparation
Licence: Not a software distribution

**Funding / EIC Pathfinder Challenges 2026 — deep reasoning and abstraction**
In progress · Application and consortium preparation
Licence: Not a software distribution

**Funding / EIC Pathfinder Challenges 2027 — safe and governed continual learning of AI agents**
In progress · Application and consortium preparation
Licence: Not a software distribution

**Funding / EIC Pathfinder Open 2027, first stage**
In progress · Application and consortium preparation
Licence: Not a software distribution

**Funding / Foresight Institute — AI for Science & Safety Nodes**
In progress · Application and consortium preparation
Licence: Not a software distribution

**Funding / Horizon Europe Cluster 5 — data and foundation models for the energy system**
In progress · Application and consortium preparation
Licence: Not a software distribution

**Funding / Horizon Europe RAISE pilot — Automated Scientific Discovery, materials**
In progress · Application and consortium preparation
Licence: Not a software distribution

**Funding / Horizon Europe — Frontier AI: frameworks for scaling models (research and**
In progress · Application and consortium preparation
Licence: Not a software distribution

**Funding / Horizon Europe — Frontier AI: safe and compute-efficient solutions (research and**
In progress · Application and consortium preparation
Licence: Not a software distribution

**Funding / National innovation funding for young companies; private investors**
In progress · Application and consortium preparation
Licence: Not a software distribution

**Funding / Provider and compute support (model usage, research access, EuroHPC AI Factories**
In progress · Application and consortium preparation
Licence: Not a software distribution

**Funding / Rolling small grants for open research (several programmes)**
In progress · Application and consortium preparation
Licence: Not a software distribution

**Funding / SPRIND AI-Native Chip Design**
In progress · Application, team and company preparation
Licence: Call-specific participation terms under review

**Joint research institute**
In progress · Research and architecture development
Licence: Programme; terms to be settled

**Laboratory / oscillator and electronics bench**
In progress · Research and architecture development
Licence: Programme; terms to be settled

**ANULUM**

Source-bound snapshot. In progress describes active work; a released package and a qualified capability are separate facts.
